

Are you
satisfied
with your
behavioral
health
services?

**If not,
we can
help.**

Learn your rights under state and federal laws

As the county designated Patients' Rights Advocate, we investigate issues with outpatient behavioral health care such as:

- Access to needed services including clubhouses, clinics, and health plans
- Termination or reduction of care
- Problems getting medications, appointments, and treatment
- Quality of care from staff
- Confidentiality

All our services are free.
